Eleanor Roosevelt once said, "The future belongs to those who believe in the beauty of their dreams." Over the past four years, we have been taught this at Enrico Fermi High. We have been taught not only mathematics and literature, but also the value of friendship, as well as the value of knowledge. We have learned to believe in ourselves. Fermi has taught us to look into our future with open eyes, and we have learned that we can accomplish anything.

These four short years have been the time when we have changed most dramatically as a person. We have begun to grow up, and we have commenced the long process of finding out who we truly are.

Our time here has helped us to determine our goals and dreams for the future. This small chapter of our lives is what has helped to shape who we are today and who we will become in the years ahead.

As we leave Enrico Fermi High School to discover our dreams, let us not forget the lessons learned and memories made.

I urge you to stay young at heart by remembering that anything is possible, and dreams are the stuff we reach for. Never give up. Do what makes you happy. The future belongs to us.

I wish you only the very best of luck and success.

With Love,

Ryan

You should be here to graduate
a young man, so precious, so dear.
Are you watching us from heaven now?
Can you feel our love? Can you hear?
Always dear Kyan, you linger on.
Your smile, Your laugh, Your special
ways,

Our memories comfort us day to day.
We feel your presence in the breeze,
That dances gently through the trees.
Your beautiful face is what we see
When we are in need of true company.
We sit, we dry our tears and smile
Knowing we're lucky to have had you
For a short while
We miss you Ryan. You are in our hearts.

Love, Mom, Dad, Colin, Austin & Kelly Many relatives, Many friends

WE KEMENER R

In the rising of the sun and in a sure of the sun and in a sun and i In the opening to the hids and it the world in the we remember them In the blueness of the sky and in the warmth of surrous. we remember them In the rustling of the leaves and in the beauty of autumn we remember them In the beginning of the year and when it ends, we remember them When we are weary and in need of strength, we remember them When we are lost and sick of heart, we remember them When we have joys we yearn to share, we remember them So long a we live, they too shall live, for they are now a part of us,

as we remember them

We will always remember you Ryan.

To the Class of 2001:

It seems like only yesterday that we were welcoming you to Enrico Fermi High School, now it is time to say good-bye. We hope that the four years that you have spent here have been as rewarding for you as they have been for all of those who have taken the time to get to know you. Each of you has made contributions to your school, your class, and your peer group. This combination of your collective contributions has become a significant part of the spirit of Enrico Fermi High School. It is not a spirit to take lightly. It is what defines the Class of 2001 as a group. It is a sense of pride and a spirit that we all will remember.

Now that it is time for you to leave us, we hope that you will always reflect upon your four years here with a sense of pride. It is my sincere hope that the collection of educational and social experiences that you have had will serve you well in your post-high school life. More than anything else, **REMEMBER**, That you will always be part of our Enrico Fermi High School family and you will always have a welcome spot both in our halls and our hearts. Good Luck to each and every one of you.

WINNING *isn't* EVERYTHING. After all. THERE'S CELEBRATING to CONSIDER.

And where better to do that celebrating than at The Olive Garden? Whether you've won, lost or just enjoyed watching, what matters to us is that you come in hungry.

That's our game. So order up some classic lasagna for the whole team or dig into your favorite pasta. Whatever you order, it still comes with all the fresh garden salad and warm garlic breadsticks you'd like. So relax, and maybe even enjoy a glass of Italian wine. It's all about playing hard and then, when the game's over, having a very, very good time.

When you're here, you're Family.

Yearbook Staff

Dear Class of 2001,

How time flies! Well most of the time anyway. When we arrived here in 1997, , the year 2001 seemed like an eternity away. But here we ARE!! During these four years we have furthered our education, competed in academics, sports. We have participated in various clubs and activities. And we had some fun. Through all of this, we have increased our dedication, experienced successes and failures and made new friends- - all life-long memories.

The staff of Traces 2001 wishes all the members of the class of 2001 Best Wishes and Congratulations. ALWAYS REMEMBER...

Sincerely,

James Ackley Senior Editor yearz

This is the Age of Connectivity

and you're in it.
You are everywhere, thanks to the Internet.
E-mail a friend in Bangalor,

shop for cool shoes at some European e-tailer, or even

watch a web-cast concert from overseas, and all from your desktop.

MARE

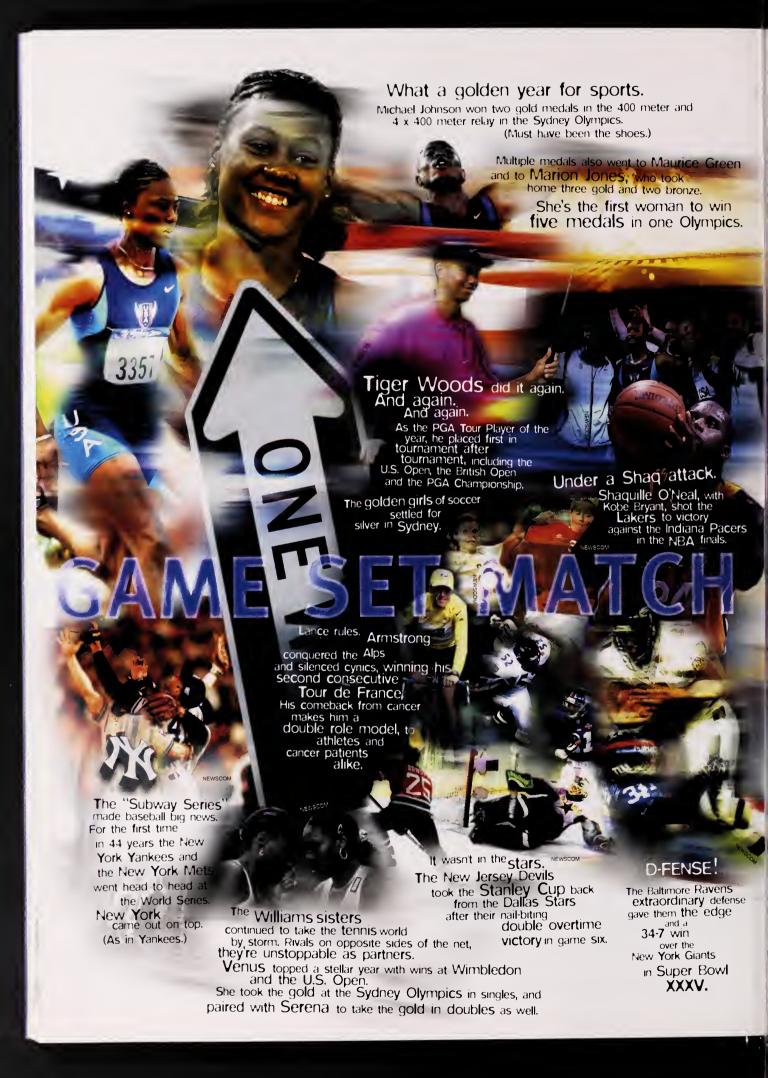

The world's getting smaller.

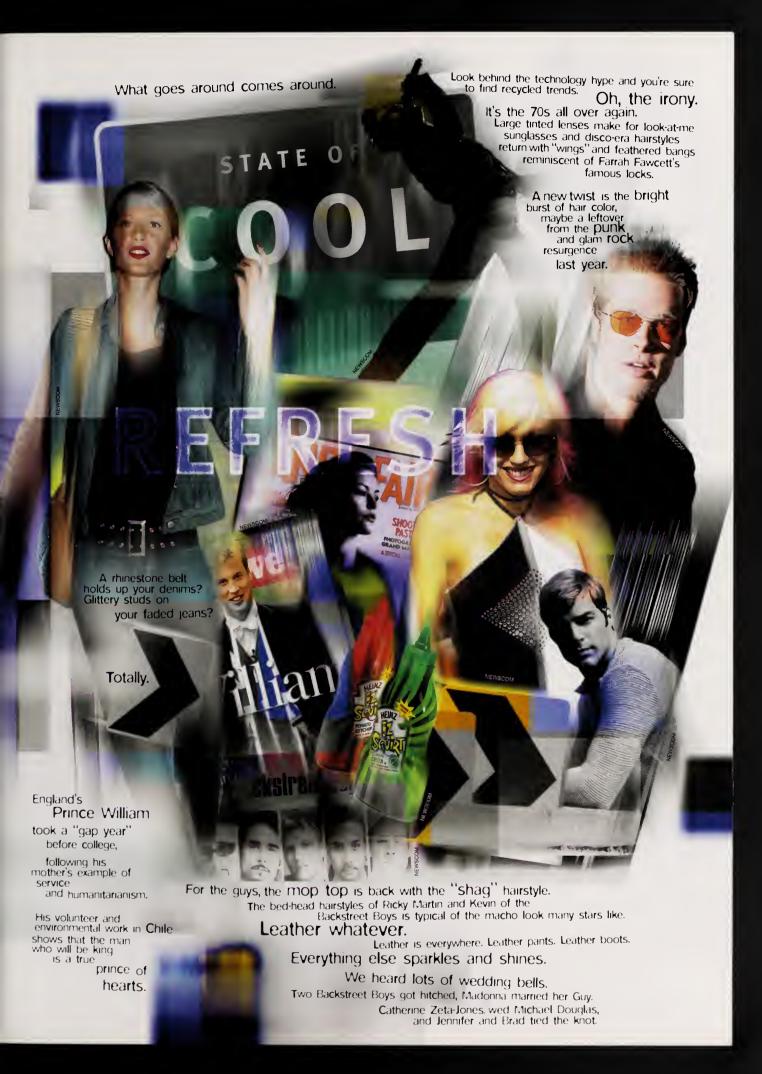

Might even feel crowded at times.

Chill. Look for signs along the road to help you that

your way in this brave new world, and enjoy the ride.

Taylor www.taylorpub.com

Caution. Heavy traffic ahead.

As in new millennium traffic. It seems like the more info there is, the harder it is to be

informed. Technology promises a bright new age but it's still hard to communicate.

Some things never change.

The Pope journeyed to the Holy Land and prayed for peace, while conflicts between Israelis and Palestinians raged.

Allegedly linked to the unrest, the USS Cole was bombed off the coast of Yemen. This year we remember with honors entertainer Steve Allen,

actors Walter Matthau, Jason Robards, and Alec Guiness.

Crash. Technology and muwent head to head, as 19-year-old Napster co-founder Shawn Fanning battled the music industry

over copyright usage of downloaded music.

Firestone tires exploded on highways across the nation forcing one of the largest recalls in history.

Hillary Clinton stepped out of the White House and into the U.S. Senate, a first.

Another first. After court battles and recounts,
Florida's 25 electoral votes were finally awarded to
Texas governor George W. Bush in the closest
presidential race in history. In another dramatic
sequence of events, tensions between U.S. and Cuba

rose over the custody battle of 6-year-old Elian Gonzalez who was finally reunited with his father and sent back to Cuba amid anti-Castro protests.

Globalization Performers has had a profound effect on the style-music industry. like Hoku and Jakob Dylan of Latin's back with a bang with the return of Carlos Santana and the rise of Enrique Inglesias along with Christina Aguilera's release of a Latin-style CD this year. the Wallflowers emerged from the shadows of their famous parents And we saw Ricky Martin going global with a tour reaching as far as Austral-Asia. Blink-182 lets their California style influence their wardrobe and music, which led them to an MTV music award for "All the Small Things." Madonna came alive (what else is new) with her new "Music," reinvigorating her original dance-music roots. Unbelievably, this mother of two has topped the charts for some three decades now. Her concert, performed in a London pub, was one of the most-watched events on the Internet to date.

For performers like the Backstreet Boys, LFO, 98° and especially 'NSYNC, style is the substance of pop.

On the local scene,

many underground performers have been

rocketed into the mainstream,

as was Moby, the one-time
New York
DJ, with the immensely

popular "Play," image is everything.

Check out their live shows.

And with MTV, VH1, Napster, and others, the faces of today's performers

as well as the ubiquitous boy bands, image is as big as (maybe bigger than) their music.

are seen live everywhere.

Christina Aguilera and Aaliyah,

For pop princesses like Britne pears,
